ECONO WASH JR

Automatic Sheetfed Press Wash

Description:

A medium evaporating, water emulsifiable press wash designed for all press applications. ***ECONO WASH JR*** contains emulsifiers so that water can readily be mixed to remove paper lint coating from blankets and rollers. This press wash will quickly remove ink and contaminants from rollers, blankets and other press parts. ***ECONO WASH JR*** is also compatible with all types of plates, including the newer unbaked digital plates.

Directions for Use:

By Hand:

Rollers – Apply a liberal amount of product to rollers. Engage wash-up blades and re-apply to remove any residual ink. Add water to remove glaze.

Blankets – Apply to a dampened rag and wipe across entire blanket surface until clean.

Automatic Blanket and Roller washers:

Follow manufacturers recommended instructions.
